

2017 Solar Eclipse Viewing and Camping at the 1838 Rendezvous Site August 19th – 21st

Camp and View the Total Solar Eclipse on August 21, 2017 at the historic site of the 1838 Mountain Man Rendezvous in Riverton, Wyoming. We offer the best of all worlds with shady campsites, open areas for viewing the eclipse, outside city limits for less light pollution at night, on a nationally known historic site of an original mountain man rendezvous.

We have 4 and 5 day camping packages available. There will be daily activities, entertainment, food, & drink available on site from Saturday, August 19th through Monday, August 21st.
